Board agreed to allow City & Village to send out a postcard with postage paid return that includes the candidates names and bio. Homeowners simply need to check the name of the candidate they want to elect.

The next HOA meeting is being planned, we are waiting on the library to share room availability

We currently have 4 home owners that have not paid their association fee. The board has approved filing a lien against those accounts which are delinquent after 7/31. City and Village has been sending notices.

Sprinklers have been reset to 4 times per week, while mowing has been moved to every other week.

The board is currently looking into several aspects of our insurance, including shopping our current policy and rate. We are also ensuring our \$1m liability coverage is sufficient.

The board is also exploring the possibility of hiring a management company for the association. More details to follow at the next board meeting.
